Getting Practical - a plan for science CPD

1. Who will you invite?

2. How long will the CPD sessions last?

3. Will you have more than one session?

4. Where will you hold the sessions?

5. What are your key objectives going to be?

6. What will your session outline look like?

7. What activities will you include?

8. What equipment do you need?

9. Which resources do you need to photocopy?

10. How will you evaluate your session?
