

<b>Topic:</b> Materials	Year 5 Age 9-10	Title: Change of state cartoon
<b>Working Scientifically</b> (report and present)	<b>Conceptual Knowledge Focus</b> demonstrate that changes of state are reversible changes	

**Example**

Children were asked to draw and label a cartoon which included evaporation and condensation. For example, explaining what happens to a puddle or wet hair.

Children meeting the objective would be able to demonstrate understanding of the reversibility of changes of state, in this case the process of evaporation and condensation.
