<p>Working Scientifically Focus Review: Identify and classify</p>		<p>Conceptual Knowledge Focus Compare and group together a variety of everyday materials</p>
<p>Example Children were asked to select an object and explain why they thought it should be put in the magnetic/non-magnetic hoop. A teacher or TA scribed the children's comments in a group floorbook.</p>  <p>Children meeting the objective would be able to group the materials into magnetic/non-magnetic based on their experience or practical exploration.</p>
