

Topic: Animals including humans	Year 5 Age 9-10	Title: Human development questions
Working Scientifically Focus		Conceptual Knowledge Focus describe the changes as humans develop to old age

Example

Children were asked a range of questions about human development. For example:

Describe ways you are different from a baby.

2. I can go to the toilet on my own, I have a lot of hair, and have older teeth (can eat on own). ✓

What doesn't change as a human grows up?

4. Your eye colour does not change. And you always look like a human. ✓

At which stage of life do you think humans are strongest? Why?

5. Young adult
Because a young adult is strong and has new bones because great bones elder their bones get weaker.

Children meeting the objective would be able to describe similarities and differences between different stages of human life.

Example from St Andrew's Primary School, Yetminster
