

Let's Talk

The Liver and Alcohol

PUPIL SHEET

- Form a group of about 6 pupils and collect a **Liver** help card.
- Read it and then, as a group, use the information to complete this table:

The production of:	The breakdown of:	The storage of:

- Now collect 2 other help cards, **Alcohol facts** and **Alcohol effects** and give one or other of the cards to each member of your group.
- Read the cards and choose one person to lead the discussion about each card.
- Write 4 facts which worried your group into the box below.

- Now each pupil should complete the 'Is this ok?' task and as a group discuss any differences which you find in your answers.

- **Now, still as a group, you are going to look at a set of pictures and for each picture discuss the following questions:**

- How much do you think they have had to drink?
- Do you think the people in the photos are completely in control?
- Are they posing danger to themselves or others?
- Does it look like they are having fun?
- Do you think their friends and others will think they are cool after this night?

- **Then collect a dialogue sheet and 2 people in the group read it out and then all discuss the following questions:**

- Do you think Lucy has a problem?
- Do you think Steven and James made the right decision not to talk to Lucy about it?
- Why do you think Lucy goes out and gets drunk every weekend?
- Come up with 5 words to describe Lucy's character.

1)

2)

3)

4)

5)

- **Now, as a class, you will listen to some video/audio clips and then, in your groups, you will make some comments about how each clip made you feel.**
