

Topic: Living things	Year 1-2 Age 5-7	Title: Bean diary
Inquiry Focus Do: I can explore the environment, make observations (observing over time)		Concept Context I can recognise that plants and animals are living things which grow.

Example

Children made close observations of the broad bean in drawing and/or writing each week to catalogue its growth. This linked to their reading on Jack and the beanstalk.

Children meeting the objective would be able to describe their observations of bean growth orally, in words and/or pictures.
