

Topic: Environment	Year 4 Age 8-9	Title: Eco-lunchbox design
Inquiry Focus I can engage with scientific and technological evidence to inform my own opinions.		Concept Context I can make design decisions, using my knowledge of materials and existing products, and suggest design improvements.

Example

Children considered ways to make lunchboxes more eco-friendly, looking at each element and its packaging.

Children meeting the objective would be able to apply their knowledge of re-useable and re-cyclable materials to create their own labelled design.

Example from Blessed Carlo Acutis Catholic School - St. Mary's Campus, Merthyr Tydfil
