

# Why has my body turned to stone?

Ages	Subject	Topics	Resources
3-5 years 5-7 years	Science	Fossils Rocks Time	Cartoon images of ichthyosaur from Lottie's Activity pack, scissors

Fossils are the remains of or impressions of living things such as animals and plants that lived a very long time ago and became embedded in rock. But how did a living creature get turned into stone? By working through this puzzle, can you help Lottie to answer her question?
