

LET'S EXPLORE WITH COLOUR PADDLES...

THINGS YOU COULD EXPLORE...

What colours can you make when you overlap different colours?

- How many colours did you make?
- Can you overlap 3 or more colours? What happens?

What can you find in the playground that matches the colours on your paddles?

- Which colour did you find the most? Why do you think this is?
- Which colour did you find the least? Why do you think this is?
- Is this the same all year round?

What colours are trees and plants?

What colours are toys, buildings and cars?

- Do you notice any patterns?

IN YOUR BAG you should find

- a set of different coloured, plastic paddles
- If these are missing, please tell your teacher.

WHAT CAN YOU THINK OF?

- How do different colours make you feel?

TOP TIPS...

- Try exploring with the paddles in a shady place and then in a bright place. Do the colours look different?
